Goals are:

We must have a theme, a goal, a purpose in our lives. If you don't know where you're aiming, you don't have a goal. My goal is to live my life in such a way that when I die, someone can say, I made a difference.

Catherine Mabile

I'm enchanted by the sounds of a piano and enjoy teaching the piano very much! I attended the University of Northern Colorado in Greeley, Colorado, for music and piano education, as well as the University of Southern Colorado in Pueblo for music education. I also have 16 years of private piano education. I have performed on piano and have been singing in groups/choirs for many years. In the state of Colorado, I have been teaching piano for 10 years to students in Colorado Springs, Woodland Park, Divide, and Cripple Creek, and have enjoyed teaching students of all ages--from 6 years old to 50+ years old. I have held piano recitals every year for the students' enjoyment.

Personally, I love classical music and I attend symphony and pops concerts as much as possible.
